| Important Questions | Answers | Why This Matters: |
|---|---|---|
| What is the overall deductible ? | \$7,150 per member / \$14,300 per family for a participating provider and \$14,300 per member / \$28,600 per family for a non-participating provider . | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . |
| Are there services covered before you meet your deductible ? | Yes. Preventive care and Affordable Care Act (ACA) preventive <u>drugs</u> are covered before you meet your deductible . | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at HealthCare.gov/coverage/preventive-care-benefits . |
| Are there other deductibles for specific services? | No | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan ? | \$7,500 per member / \$15,000 per family for a participating provider and \$22,500 per member / \$45,000 per family for a non-participating provider . | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit ? | Premiums , balance billing charges, and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit . |
| Will you pay less if you use a network provider ? | Yes. See https://www.bswhealthplan.com/Page/Provider.aspx or call 844-633-5325 for a list of network providers . | This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |
